

COME PREPARED TO YOUR NEXT MEETING WITH REPRINTS & DATA-USE

CR Foundation® Reprints and Data-use Information

Are You Prepared for Upcoming Dental Meetings and Conventions?

The *Gordon J. Christensen Clinicians Report*® is often a guide clinicians will use to identify the best products in the dental industry. CR Foundation® offers the option to purchase both printed and digital rights to publication materials.

By purchasing Data-use or Bulk reprints, your product information can be easily shared and promoted at major dental conventions because of our easily recognizable masthead, logo, and format.

What is the Value?

The *Gordon J. Christensen Clinicians Report*® is a worldwide publication, translated in 7 different languages, distributed among 92 countries, with a readership of more than 100,000. When the most difficult part of marketing has already been taken care of for you, purchasing rights to our publication material is minimal.

How much does it Cost?

Q: How much is Data-use? How can I use it?

A: Data-use can be purchased for as little as \$2,100 a month and has no limit to the number of advertisements or references that can be created during the purchased period.

A: Data-use is most commonly used to create social media posts, press releases, email blasts, intercompany communication, and printed advertisements.*

Q: How many reprints can I order? How can I use them?

A: Reprints can be purchased in several different quantities up to 150,000 (minimum order of 500 reprints). CR Foundation® can customize the size of your order to best fit your company's needs.**

A: Reprints are most often used as handouts at dental conventions, stuffers for product orders, and as a resource for sales representatives.

How do I Order?

Placing an order and finding additional information is easy. Contact CR's Reprint and Data-use representative Myriah Christopherson, Assistant Business Director, today!
