Earn 1 credit hour for successfully completing each test. This is a self-instruction program. Online tests at CliniciansReport.org.

At the completion of this test, participants should be able to:

- Compare advantages and limitations of 3-unit FPDs and implants
- Discuss the new Primescan 2 and the paradigm shift it represents
- Evaluate new products and their potential clinical usefulness

Self-Instruction Test January 2026 ♦ 1 CE ♦ Check the box next to the most correct answer.

1. Placement of implant and crown is better than 3-unit FPD.
☐ True
☐ False
2. Advantages of 3-unit FPD over implant and crown include:
☐ A. Patients prefer 3-unit FPD.
☐ B. Faster than implant and crown.
☐ C. Usually costs less.
☐ D. All of the above
3. Which of the following is **not** a feature of the Primescan 2 scanner?
☐ A. Cloud-based use with any convenient computer
☐ B. Integrates with DS Core, cloud-based subscription software
☐ C. Slim, pencil-like handpiece
☐ D. Convenient cordless handpiece
4. Which finding for Primescan 2 is **not accurate**?
☐ A. Connection was reliable with any level of Wi-Fi.
☐ B. Provided fast, easy scanning with very good stitching.
☐ C. Cloud-based connection eliminated need for clinician to upgrade software.
☐ D. Users noted high accuracy and detail reproduction.
5. Dentist's knowledge of which patients are using GLP-1 receptor agonist medications for Type 2 Diabetes Mellitus or weight loss is not a dental clinical concern.
☐ True
☐ False
6. XP-4D Files have a 3% taper and adaptive design that allows them to:
☐ A. Have a conservative canal preparation.
☐ B. Better maintain canals natural shape.
☐ C. Follow and prepare curved canals.
☐ D. All of the above
7. Profisil Fluoride Varnish Plus added soluble minerals that are needed for remineralization to their well received Profisil Fluoride Varnish.
☐ True
☐ False
8. TopCEM Veneer Cement is a lower cost option with the following advantages, **except**:
☐ A. Multiple shade and opacity options.
☐ B. Desirable viscosity.
☐ C. Fast light cure and easy cleanup.
☐ D. Long-term color stability and no margin staining.
